Subject: Regarding B.Sc. I excursion report Dept. of Zoology-2024-25.

Respected Sir,

With respect to above mentioned subject, herewith we are going to submit the B.Sc. I excursion report. The Excursion was held during 10/02/2025 at Dandoba Hill Forest, District: Snagali Maharashtra. During this excursion we studied and observed following diversity.

The Dandoba Forest is a significant ecological zone located in the Sangli district of Maharashtra. It is known for its rich biodiversity, comprising various flora and fauna. This study tour was conducted as part of the Zoology I curriculum to observe and analyze the biodiversity of the region, study ecological interactions, and understand conservation challenges. Dandoba Forest exhibits rich biodiversity, hosting a variety of animals and insects that contribute to ecosystem stability. The presence of mammals, reptiles, amphibians, and a diverse range of insects highlights the forest's importance as a wildlife habitat. Where students were observed and studied various animal diversity in their natural habitat

A) Invertebrates

Phylum: Arthropod: Common grass yellow and plain tiger butterflies Apis, Ant, Termites, Beetels, Spider, Crab, Dragon fly and mud wasp.

B) Vertebrates:

1. Phylum : Chordata
