DEPARTMENT OF BOTANY

Report of the Activity

Title	Guest Lecture on Career Opportunities in Botany	
Day & Date	Monday, 19 th August, 2025.	
Organizer	Department of Botany.	Participated Students: 31
Resource Person	Prof. P. M. Hasabe	
Background	The Department of Botany consistently promoted various career oriented activities such as seminars, workshops, field visit and guest lecture. As a part of this initiative we are organized this guest lecture to create awareness among students about the diverse career paths available in botany. Today, botany is not limited to traditional teaching or research roles but extends to diverse career opportunities in industries like pharma, forestry, horticulture, and environmental management.	
Objective	<ul style="list-style-type: none">❖ To provide students with basic knowledge about the field of botany.❖ To create awareness about various career opportunities available in botany.❖ To guide students in choosing botany as a potential career option.❖ To introduce different sectors such as research, agriculture, environmental science, and biotechnology.❖ To motivate students to pursue higher education and specialization in botany.	
Conclusion	In conclusion, the lecture on career opportunities in botany proved to be highly informative and beneficial for the students. It successfully highlighted the growing importance of botany in addressing global challenges such as climate change, food security, and environmental conservation. The session provided valuable insights into various career paths and helped students understand the relevance of botany in modern science and industry.
