

Padmabhushan Vasantrodada Patil Mahavidyalay,
Kavathe Mahankal

Department of Geography
Best Practice
Daily Weather Note

In the Department of Geography, students of B.A. Part 1, 2, and 3 write daily weather-related information on the display board. This information is related to the daily changes in the atmosphere, including various geographical elements such as temperature, humidity, wind, rainfall, and air quality index. Both students and teachers receive this information on a daily basis. This is a new and commendable initiative undertaken by the Geography Department.
