Background	National Butterfly Awareness Month aims to spread knowledge about the ecological role of butterflies and the importance of their conservation. As part of the celebration, a poster presentation competition was organized to encourage students to creatively express their ideas on butterfly diversity, life cycle, ecological value, and conservation strategies.
Objective	• To develop scientific and creative thinking among students. • To create awareness about butterfly diversity and conservation through visual communication. • To involve students in participatory learning and environmental responsibility.
Conclusion	The poster presentation successfully enhanced students' awareness about butterflies and motivated them to contribute to biodiversity conservation. It also gave students a platform to showcase their artistic talent and scientific understanding. The activity was appreciated by faculty and participants alike and added value to the celebration of National Butterfly Awareness Month.
