**Subject: Permission for Study Tour (Participation in One-Day Symposium on Statistical Exploration of Real Problems)**

I am writing to grant permission for the students of B. Sc.III (Statistics) to participate in the upcoming One-Day Symposium on Statistical Exploration of Real Problems, including the associated project competition. The event is scheduled to take place on 15 February 2025. at Department of Statistics Shivaji University, Kolhapur.

After reviewing the details of the symposium and the competition, I am confident that this opportunity will greatly benefit our students by allowing them to apply their statistical knowledge in practical scenarios and engage with real-world problems. This experience will not only enhance their academic skills but also foster their critical thinking and problem-solving abilities.

The students will be accompanied by Mr. V. V. Koshti, Mr. G. D. Satpute, Miss. S. S. Patil, and Miss. S. B. Maske who will oversee their participation and ensure their well-being during the event.

Thank you for providing our students with this valuable opportunity.

Permission granted.

STUDY TOUR REPORT

15 February, 2025.

Name of Student:

ROLL NO.:

The department of Statistics has organized the study tour to attend a one-day workshop on "Statistical Exploration of Real-World Problems" (Project Presentation Competition) at Shivaji University Kolhapur. During this study tour the students of B. Sc. III (13), B. Sc. II (4) and four teachers Mr. V. V. Koshti, Mr. G. D. Satpute, Miss. S.M. Zarekar and Miss. M. B. Maske were participated. The purpose of trip is to visit Shivaji University Campus, Department of Statistics and to get some statistical knowledge.

The inauguration took place under the presidency of Shivaji University's Vice-Chancellor and eminent statistician, Prof. Dr. D. T. Shirke, in the presence of Sarita Yadav (Deputy Director, Directorate of Economics and Statistics, Nashik Division), an alumnus of the department, along with Prof. Dr. S. B. Mahadik, Head of the Department, and Prof. Sukumar Rajguru, the workshop coordinator.

The first session featured insightful lectures by Prof. Dr. D. T. Shirke, who discussed "Statistical Thinking: Unfolding Insights Across Domains", emphasizing statistics' broad applicability, and Prof. Dr. S. B. Mahadik, who delivered a thought-provoking talk on "How to Determine Who is the Best and by How Much?", explaining comparative statistical methodologies. Dr. Shirke highlighted that statistics, unlike other sciences, does not have its own problems but serves as a tool to solve others' problems, while Dr. Mahadik elaborated on the importance of standardizing variables before comparison. Following these discussions, Shruti Patil and her MSc Part-II team presented their research survey on "Social Media Addiction Among School and College Students: Its Usage Patterns and Correlation with Various Psychological and Social Factors."

In the second session, collaboration with the Shivaji University Statistics Teachers' Association (SUSTA), a project presentation competition was conducted for B.Sc. final-year students. The project of our students was shortlisted from the first round of evaluation for the second round i.e. for presentation. This round was judged by Prof. S. K. Ganjave, Dr.S. B. Mahadik, and Dr. Nilesh Jadhav. Our PVP College, Kavathe Mahankal received consolation prize which includes Trophy, books, and certificates.

The third session, "My Statistics, My Life," featured an inspiring interaction with Sarita Yadav, an accomplished alumnus and Deputy Director of the Directorate of Economics and Statistics, Nashik Division. In an engaging interview conducted by Swapnil Mane (Department Alumnus), Mrs. Yadav shared her journey of balancing research, part-time jobs, competitive exam preparation, and family responsibilities. She also discussed overcoming workplace challenges, providing valuable career insights to students.

This workshop benefited our students and faculty members. this was the second consecutive year of study tour at Shivaji University.

The event concluded with Prof. Sukumar Rajguru expressing gratitude to all dignitaries, students, and faculty members. This workshop will be remembered as a significant event that inspired research-oriented thinking among our students.

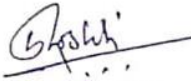

At the end of trip the expectations about knowing much about Statistics were successfully met through Prof. Mahadik, Sarita Yadav, and MSc students' impactful presentations on the social consequences of increased social media usage.

During the workshop, students explored various places within Shivaji University, capturing moments through photographs and enjoying the experience. This added an element of excitement and engagement to the event, making it a memorable occasion for all participants.

In this way our study tour was fruitful in respect of knowledge and enjoyment.
