<b>Title</b>	Study Tour
<b>Day &amp; Date</b>	Saturday, 08 February 2025
<b>Organizer</b>	DEPARTMENT OF GEOGRAPHY
<b>Funding</b>	-
<b>Head</b>	<b>Dr. D. A. Gade.</b> Head, Department of Geography
<b>Co-ordinator</b>	<b>Dr. D. A. Gade.</b> Head, Department of Geography
<b>Background</b>	The study tour aims to provide students with practical insights into geographical concepts and foster an appreciation for the intricate relationship between humans and their natural surroundings. Participants are encouraged to actively engage in discussions, document observations, and contribute to a comprehensive report on the geographical aspects of the region.
<b>Objective</b>	<ol style="list-style-type: none"><li>1. Explore and analyse diverse geological formations and natural landscapes to deepen understanding of Earth's physical features.</li><li>2. Investigate the impact of human activities on local ecosystems</li><li>3. Examine the interplay between physical geography and human settlements, focusing on urbanization patterns and land-use planning.</li><li>4. Gain practical insights into river dynamics, coastal processes, and mountainous terrains to comprehend natural systems and their importance.</li></ol>
<b>Conclusion</b>	The study tour was a resounding success, offering students an enriching blend of history, culture, and natural beauty. It provided a practical supplement to their classroom learning, igniting a passion for field studies and historical exploration. The diverse experiences gained from this tour will undoubtedly enhance their academic pursuits and personal growth. It reflects our commitment to holistic education through experiential learning.

**DEPARTMENT OF GEOGRAPHY**  
**Report of the Study Tour**

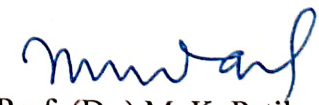

The Department of Geography of Padmabhushan Vasantrodada Patil Mahavidyalaya, Kavathe Mahankal organized a one-day educational trip on 8th February 2025 to Vijayapur, Almatti, and Kudalasangam. The tour was organized under the able guidance of Dr. D. A. Gade, Trip Coordinator, and was accompanied by Mr. Maruti Satpute, faculty member of the department. A total of 26 students (20 boys and 6 girls) actively participated in this educational excursion aimed at enriching their geographical and cultural understanding.

The first destination of the trip was Vijayapur (Bijapur), renowned for its historical monuments and Indo-Islamic architecture. Students visited the famous Gol Gumbaz, which is known for its unique whispering gallery and remarkable dome, one of the largest in the world. They also observed the architectural beauty of Ibrahim Rauza and Malik-e-Maidan, gaining insights into the historical and cultural geography of the Deccan region. The next halt was at the Almatti Dam on the Krishna River, where students learned about irrigation projects, hydroelectric power generation, and water management systems. The site provided a practical understanding of physical and economic geography concepts related to river basin development.

The final destination was Kudalasangam, a sacred confluence where the Krishna and Malaprabha rivers meet. The students explored the religious and cultural significance of the site, which is closely associated with the 12th-century social reformer Basaveshwara. The serene environment and geographical setting offered a valuable field experience. The study tour was both informative and enjoyable, providing students with exposure to historical, hydrological, and cultural aspects of the region. The department expressed gratitude to the college administration for their continuous support and encouragement in organizing such educational activities.
