Education plays very pivotal role in promoting egalitarian values enshrined in the Constitution of India. University Grants Commission has stressed the need of analyzing educational institutes in the context of its reach to the marginalized and disadvantaged groups. Gender Audit can help them to cherish the goal of gender equality. Gender Audit of an educational institute/college helps it to assess and check the institutionalization of gender equality in their college/ institutions, including their policies, programs, proceedings, budget, etc. Once the gender audit is done, it helps colleges/ institutions to improve and fill the gaps to achieve the goal of Gender Equality.
