**Report of the Seminar on the occasion of Geography Day.**

On January 14th, our academic community gathered for a thought-provoking one-day seminar to celebrate Geography Day, delving into two insightful sessions that explored the multifaceted aspects of geography. The first session focused on the application of statistical techniques in geography, shedding light on the pivotal role data plays in understanding and analysing spatial patterns. Distinguished speakers Mr. V. V. Koshti presented cutting-edge methodologies, illustrating how statistical tools enhance our ability to interpret geographical phenomena, ranging from population distribution and land use to climate patterns. The session not only underscored the importance of statistical techniques in geographical research but also inspired a renewed appreciation for the quantitative dimensions of our discipline.

The second session of the seminar took participants on a captivating journey into the realm of "Geography and World Economics." Esteemed experts Mr. K. L. Sakat elucidated the intricate connections between geographical factors and global economic dynamics, emphasizing the influence of spatial patterns on trade, resource distribution, and economic development. This session not only broadened participants' perspectives but also highlighted the relevance of geography in addressing contemporary global challenges.

The seminar provided a fertile ground for intellectual exchange and networking among scholars, students, and professionals interested in the diverse facets of geography. As we concluded the seminar, participants left with a renewed appreciation for the pivotal role geography plays in shaping our world, from the micro-scale applications of statistical techniques to the macro-level impact of geographical factors on global economics. The event served as a testament to the importance of ongoing dialogue and collaboration in advancing geographical knowledge and its practical applications.

## **General Information**

### **Preamble**

The last decade of the last century witnessed the sweeping effect of the globalization, liberalization, privatization and computerization of our public and private sector organizations. It is due to the impact of the amazing development in the field of information communication technology. The World Bank, the World Trade Organization, the International Monetary Fund, the International Agreements like GATT have made 'global competition' inevitable and imperative. Foreign Universities have challenged our traditional system of Higher Education. It has compelled us to strive hard for equality, assurance and excellence in our Higher Education. One of the most significant measures of Total Quality Management in Higher Education is the concept of 'Lead College'.

### **Mission**

A homogenous cluster of 10 to 15 colleges within an area fostering inter-institutional co-operation for overall development of all of them is the basic principle behind the concept of the 'Lead College'. The concept is based on the belief, "Efforts of each and welfare of all". In western countries 'Lead Colleges' are now a matter of routine activity. But for us, it is a very recent idea still to be talked about. Our mission is to make our colleges and the institutions of HE (Higher Education) achieve nationally and internationally acceptable standards.

### **Epilogue**

The concept of a Lead College having 'its own cluster' and working towards quality enhancement with mutual understanding and co-operation, is a recent one. We don't have any previous experience of the implementation of the scheme. In Maharashtra, the Shivaji University has initiated the action and designed the 'scheme of the Lead Colleges' for the University. (At present the University has ten Lead Colleges within its jurisdiction of three districts). The University, therefore, is prepared to make suitable amendments in future if necessary, in the light of the actual experience of the implementation of this scheme.

Session I Resource Person: Mr. D. N. Kalange (Asso.Prof.)

(Topic: Strength of Excel Spreadsheet as a tool for statistical data analysis)

This session has given very important information and I understood it clearly & hope we will its use and it was very important. And we understand all concepts clearly of MS-Excel

Session II Resource Person: Mr. P. V. Shinde (Bio-Statistician)

(Topic: Correlation, Regression and Testing of Hypothesis using Ms-Excel)

From these session I have learnt concepts clearly. And hope we will make use of inf<sup>n</sup> for practicals. And these inf<sup>n</sup> is very helpful for our academic year. This session was very good.

Session III Resource Person: Dr. S. K. Powar ((Assis.Prof.)

(Topic: Model Sampling, Sketch of pdf, graphical/diagrammatical representation of data using Ms-Excel)

From this session we understood model sampling of data by using MS-Excel very easily and clearly. And also they have cleared some basic concepts in easy way. This session was

**Report of One Day Workshop on “Data Analysis using MS Excel”  
(Lead College)**

Title	One Day Workshop on “Data Analysis using MS Excel”
Day & Date	Thursday, 17/03/2022
Organizer	R. R. Patil Mahavidyalaya Savlaj, the Lead College and P.V.P. Mahavidyalaya Kavathe Mahankal
Funding	Shivaji University Kolhapur (Lead College Program)
Coordinator	Mr. V. V. Koshti (Asso. Prof.) Prof. (Dr.) M. G. Londhe (Lead College)
Resource Person	1. Mr. D. N. Kalange (Asso. Prof.) Arts, Commerce & Science college Palus Topic: Strength of Excel Spreadsheet as a tool for statistical data analysis 2. Mr. P. V. Shinde (Bio-Statistician) D. Y. Patil Medical College Hospital & Research Institute Kolhapur. Topic: Correlation, Regression & Testing of Hypothesis using Ms-Excel 3. Dr. S. K. Powar ((Assis. Prof.) Smt. Kasturbai Walchand College, Sangli Topic: Model Sampling, Sketch of pdf, graphical/diagrammatical representation of data using Ms-Excel.
Background	Some practicals of B.Sc. I, II, III are based on Ms-Excel and the students at the entry level are not aware of Ms-Excel. To introduce the Ms-Excel for computing statistical measures and to draw statistical diagrams and graphs.
Objective	To enable the student participant: 1. To create interest in data analysis using Ms-Excel 2. To create interest in drawing diagrams, graphs, sketches using Ms-Excel also compute various statistical measures using Ms-Excel. 3. To create interest in data analysis and Statistics.
Conclusion	At the end of workshop students know how to use Ms-Excel for graphical and diagrammatical representation of data. Also they know to compute various statistical measures using Ms-Excel. Thus the workshop is very fruitful as the student point of view.

Title	Guest Lecture on "Opportunities in Pharma Industry"
Day & Date	Monday, 18/04/2022
Organizer	Department of Chemistry
Chairperson	Mr. S. V. Patil (Head Department of Chemistry)
Coordinator	Mr. A. A. Kamble.
Background	Departmental programs play a crucial role in helping students for their betterment. Mr. Dipak Mohite (Manager QA Department. Cipla Private Limited) is working professional in pharma industry. There is wide scope for career in chemistry with private as well as public sectors.
Objective	<ul style="list-style-type: none"><li>• To provide the information about various options of career in Pharma Industry.</li><li>• To give insights of skillset required for pharma industry.</li><li>• To boost the confidence of departmental students by arranging former students lecture.</li></ul>
Conclusion	The Department has arranged a Guest Lecture on "Career Opportunities in Pharma Industry" on 18 <sup>th</sup> April 2022 at 12:00 noon. The major goal of the guest lecture was to provide information about career options in Pharma Industry after graduate in chemistry. Mr. Mohite Shared useful information about his work experience in various industries. At the same time, He shared his memories in his college years. All students got motivated by her lecture. Introduction of Guest was done by Dr. G. D. Kore, followed by lecture session and. Mr. S. V. Patil gave precedential talk. The Program was concluded with Vote of thanks by Mr. A.A. Kamble. 51 students of department benefited by this guest lecture.
