<b>Title</b>	Health Check-up Camp for Girls
<b>Day &amp; Date</b>	Friday, 06/10/2023
<b>Organizer</b>	NSS & Women Empowerment Cell
<b>Funding</b>	-
<b>Chief Guest</b>	<b>Dr. Harshada Kadam</b> , Medical Officer, SDH Kavathe Mahankal
<b>Chairperson</b>	<b>Dr. S. P. Solage</b> , Assistant Co-Ordinator, Women Empowerment Cell
<b>Chief Presence</b>	<b>Mr. S. A. Babar</b> , NSS Program Officer
<b>Participants</b>	<b>115 Girl Students.</b>
<b>Background</b>	In today's fast-paced and hectic lifestyle, the health of women often takes a backseat. Recognizing the importance of promoting women's health and empowering them, the NSS (National Service Scheme) and Women Empowerment Cell have organized a Health Check-up Camp for girls. This camp aims to address the healthcare needs of young girls and create awareness about the importance of regular health check-ups.
<b>Objective</b>	<ol style="list-style-type: none"><li>1. To provide access to healthcare services for girls who might not have regular check-ups.</li><li>2. To create awareness about preventive measures for common health issues among girls.</li><li>3. To educate girls about the importance of self-care and the significance of early detection of health problems.</li><li>4. To foster a sense of empowerment and encourage girls to take charge of their own health.</li></ol>
<b>Conclusion</b>	115 girls were able to avail of the much-needed healthcare services and address their health concerns. Through informative sessions conducted during the camp, the girls gained knowledge about health issues and preventive measures. The camp not only provided them with necessary medical attention but also instilled a sense of empowerment by educating them about the importance of self-care and taking charge of their own health.

<b>Background</b>	In an endeavor to promote environmental consciousness and foster a sense of responsibility towards water conservation, the National Service Scheme (NSS) and Green Club collaborated on an innovative initiative called "Water Awareness Through YouTube." This initiative aimed to harness the power of digital media, particularly YouTube, to disseminate crucial information about water conservation and sustainability.
<b>Objective</b>	The primary objective of this initiative was to raise awareness about the importance of water conservation among students and the wider community. By utilizing YouTube as a platform, the initiative sought to reach a broader audience and inspire action towards sustainable water management practices.
<b>Conclusion/ Outcomes</b>	"Water Awareness Through YouTube" served as a commendable example of harnessing digital media for promoting environmental awareness and education. By empowering students to take proactive measures towards water conservation and leveraging the reach of online platforms, the initiative made significant strides in advocating for sustainable water management practices. Moving forward, initiatives like these are essential in fostering a culture of environmental stewardship and ensuring the responsible utilization of natural resources.
