Continuous Internal Evaluation and its impact analysis

The college implements a comprehensive Continuous Internal Evaluation (CIE) system in accordance with the guidelines set forth by Shivaji University, Kolhapur. This system is tailored to assess students at different stages of their undergraduate programs. For First Year students pursuing B.A., B.Com., and B.Sc. courses, the college conducts Home Assignments and Unit Tests to evaluate their progress. As students advance to their Second Year, the evaluation method shifts to focus on collaborative skills through Group Activities, which include Group Discussions and Poster Presentations. In the final year of study, Third Year students are assessed based on their ability to conduct group research projects and presenting Seminar. This progressive evaluation strategy ensures that students develop a range of skills throughout their academic journey, from individual study habits to teamwork and research capabilities.
